

1

The numbers for the female and male total populations in census year 1975 are shown as 7,805,046 and 8,401,137, respectively, in the published table, but they should be 7,805,027 and 8,401,158 in order to sum down the table correctly. The corrected numbers were substituted.

3

The number of female deaths in year 1991 at age 69 is shown as 943 in the published table, but it should be 933 in order to sum down and across the table correctly. The corrected number was substituted.

4

The number of male deaths in year 1979 at age 23 is shown as 388 in the published table, but it should be 389 in order to sum down and across the table correctly. The corrected number was substituted.
